Letter*

October 3, 2005

To Whom It May Concern:

Brenda Curtis served as my Administrative Assistant from May 29, 2002 until October 3, 2005. In addition, as part of her responsibilities, Brenda managed the receptionist and oversaw the conference facilities for the floor. Brenda shared her expertise with computer applications with other support staff and developed absence tracking spreadsheets and other efficiencies for the business unit. She consistently performed at a professional level.

Due to a recent reorganization, Brenda's position, along with others, was eliminated.

Sincerely,

*Vladimir Y. Stadnyk*
